

“ We had a total loss church fire overnight on December 11, 2019, and their adjuster was onsite the next morning. ”

“I was very impressed and satisfied with our recent claims experience with Mennonite Mutual Insurance Company. We had a total loss church fire overnight on December 11, 2019, and their adjuster was onsite the next morning. They had their fire investigation wrapped up quickly, and then worked with us to purchase an existing church building that was for sale in the area. We were able to purchase this other building, and they assisted us in making renovations and repairs. We were treated with the utmost respect and understanding during the whole claims process from beginning to end.”
